RoofLITE+

TECHNICAL DATA SHEET

RUC

UNDERFELT FOIL COLLAR

FEATURES
Tear-resistant polyester fabric
Vapor permeable polyurethane coating
Stretch over properties - fast installation
Up to 4 minutes saving in installation time per window*
Joint free** - total watertightness
Airtight installation easily reachable with appropriate sealing tape
TECHNICAL DATA
Highly fire resistant B as per DIN 4102
Tensile strength 450/300 N/5cm conforms to DIN EN 12311
Impermeability Class W1
Temperature resistance -40°C to +80°C
Weight 190g/m²

* Compared to traditional foiling from roofing underlay.
** Except S size, which is sewn.
